

**Article Release Date: April 12th, 2014.**

**Who: Hope Through Education (H.T.E)**  
**What: Assist local veteran couple in need**  
**Where: Wildomar, Temecula, Menifee, CA**  
**When: Event held April 11 th, 2014.**

Sometimes you just need a helping hand. That was the recent situation that David & Jesseruth found themselves in a few weeks ago. Having to relocate in a hurry was the order of business for the day as the couple needed to move from Wildomar to Temecula on short notice. That's where Paul & Paul team sprung into action when they learned of the need. With two pickups and a long trailer, they loaded up and traveled out to a storage facility that would house the household items for now. Also later in the week, we were called upon to disassemble a long and large stainless steel wheelchair ramp which would be later traveled and stored in Menifee for the time being. The key here was timeliness. The home items had to be moved fast. So the team worked together to make it happen and they did !

This was H.T.E.'s 1<sup>st</sup> event helping a Veteran family in need. One of our H.T.E. members noted that "it was great to see H.T.E. work hand in hand with a disabled vet. The great thing was that both groups work side by side to accomplish the project promoting our vision of sustainability. It wasn't a situation where one person helped while another watched. Even with some physical limitations, both David and Jesseruth Folsbee rolled up their sleeves and contributed to the success of the work doing what they were capable while H.T.E. men assisted where they could as well." The small group of helpers (2) made this April event a first ever helping veteran(s) and hopefully more to follow in the future !

**H.T.E. ~ Vision to Invest in people's lives with education and sustaining projects for a brighter tomorrow**  
**H.T.E. ~ Mission to provide education and basic necessities for the betterment of humanity.**
